

# Making a Rainstick

You will need :

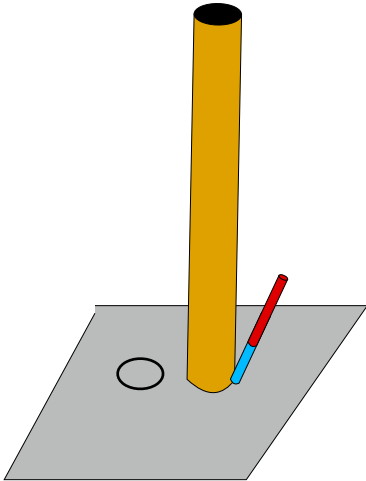

Piece of plastic tube or long cardboard tube.(50 cms / 20 inches)  
Some different colours of paper  
PVA glue  
Small hard objects : rice, dried peas, gravel, etc.  
Parcel tape  
Cardboard

Equipment

Scissors  
Felt tips  
Glue spreader  
Plastic cup

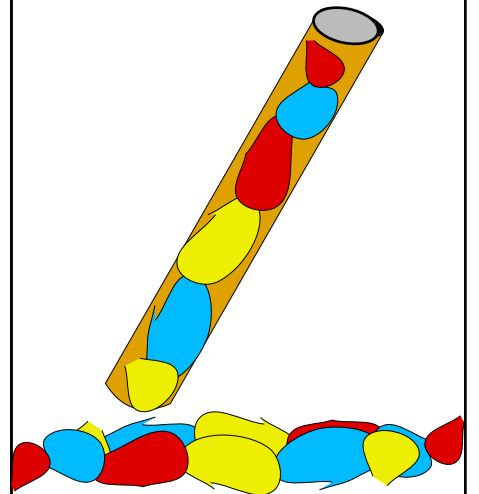

Draw around tube onto the cardboard twice.

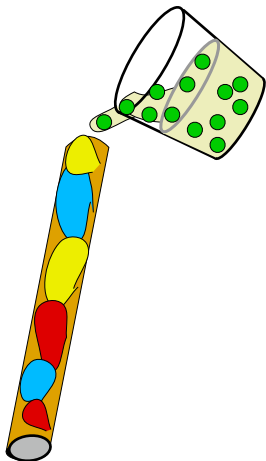

Cut out the circles and stick one on one end.

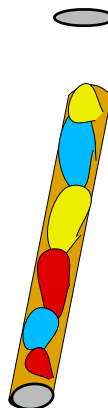

Decorate tube with the coloured paper.

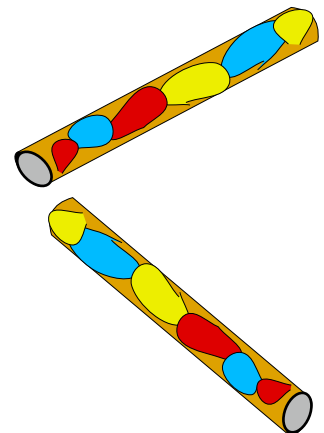

Fill the tube with half a cup of peas/rice/ etc..

Seal the other end of the tube.

Gently tilt backwards and forwards.
